A 2 hour course for those with no specific fire safety duties. This course gives delegates an understanding of fire and fire extinction and includes a practical session in the use of fire extinguishers in a controlled, fire simulated environment.

Legislation

Enables organisations to satisfy general requirements of The Health and Safety At Work Act 1974 and the Regulatory Reform (Fire Safety) Order 2005. This course is for employees with no fire safety responsibilities.

Course syllabus

Fire awareness
Theory of fire extinction
Fire extinguishers and demonstration
Practical - use of fire extinguishers (with fire simulator)
Action on hearing alarms

Assessment

On successful completion of the course delegates will receive a certificate of achievement.
