Complete your fire risk assessment with confidence.  
Course available for schools, offices and shops, residential care homes  
and libraries.

### Legislation

1 in 3 businesses in Bedfordshire are not fully complying with the  
Regulatory Reform (Fire Safety) Order 2005. As the fire service no longer issue  
certification, businesses are now responsible for producing their own fire risk as-  
sessment. This course will give you the knowledge to do so.

### Course syllabus

- Hazards and ignition sources
- Structural means of escape
- Fire alarm systems
- Emergency lighting
- Fire-fighting equipment
- Signs and notices
- Management of fire safety
- Maintenance of fire safety
- Emergency plans
- Practical risk assessment

### Assessment

On successful completion delegates will receive a certificate of achievement.

### Dates and cost

Contact us for details.

### Delegate comments

"The instructor was very informative and made a subject that could have  
been boring very interesting".

"Very useful course".

"Very helpful, thanks".

"I feel more confident in tackling fire risk assessments".
